MEMORANDUM FOR: Chairman, Medical Staff Career Service

SUBJECT : Report of Competitive Evaluation of SD:SM
Medical Technician Personnel in Grade GS-8

25X1A

1. As requested, the Competitive Evaluation Panel composed of the undersigned met 10 January 1958 to evaluate under the provisions of CIA Regulation [REDACTED] SD:SM Medical Technician personnel in the grade of GS-8, without regard to whether or not such personnel had completed the minimum time-in-grade prescribed by regulation. Individuals evaluated were found to merit promotion in the following order:

1
2
3
4
5

2. The panel invites attention to the fact that this consensual ordinal ranking does not reflect the difference in opinion held by members of the panel as to the relative weights that should be given to the factor of time-in-grade with commendable service as opposed to the factor of the future potential of the employee. The panel unanimously agrees that if time-in-grade should be given the greater weight then [REDACTED] would rank first and second, respectively; whereas if greater weight is given future potential then [REDACTED] and [REDACTED] would rank first and second, with [REDACTED] third and fourth, respectively. Since both points of view were recognized in this evaluation, the consensus is as stated in paragraph 1.
